National Latinx* AIDS Awareness Day - October 15

World AIDS Day - December 1

What does Latinx mean?

Spanish is a gendered language, meaning that the masculinized version of words is considered gender neutral. Using an “x” is a way of rejecting the gendered version of a word. Latinx becomes a gender-neutral alternative to Latino, Latina and is gaining popularity among the general public as part of a “linguistic revolution” that aims to be inclusive of the intersecting identities of Latin American individuals. In addition to men and women from all racial backgrounds, Latinx also makes room for people who are trans, queer, gender non-conforming or gender fluid.

What is HIV Vaccine Awareness Day?

This day is a chance to thank the volunteers, community members, health professionals, and scientists working together to find a safe and effective preventive HIV vaccine. It is also a time to educate communities about the importance of preventive HIV vaccine research.

The **POSITIVE ADVOCATE** Newsletter is a quarterly information and outreach project. We welcome submissions from the affected community. For additional information about the Affected Communities Committee (ACC), HIV Health Services Planning Council (HHSPC), or this newsletter, contact: Paula Gammell at 916-876-5548
www.sacramento-tga.com

The **Affected Communities Committee** addresses issues facing the HIV/AIDS community and advises the Planning Council on community affairs. The mission of the committee is to recruit, empower, and involve people living with HIV/AIDS in the strategic planning and advocacy of HIV/AIDS care and services. These goals will be accomplished with the assistance of the Council support staff toward the fulfillment of its mission. The committee encourages an environment of trust and safety in achieving its mission.

The Committee meets the first Monday of the Month, except holidays, from 3—4 p.m., at Sacramento Native American Health Center—Administrative Offices
 2020 J St., 3rd Floor Conference Room, Sacramento, 95811.
